

HUNTING INFORMATION and EQUIPMENT LIST:

The spectacular 1.5 million acre Bob Marshall Wilderness is renowned for its Big Game hunting opportunities. You will be hunting in mountainous terrain that ranges from 4000 feet in elevation to about 8600 in elevation. We ride horses to gain most/all of the elevation, but hiking is usually a necessary part of the hunt. Good quality boots that work for both riding and hiking are the best. GoreTex or a similar waterproof liner is very valuable. Wool or microfiber with a waterproof liner makes for a great hunting pant and/or jacket. Layering is helpful as it may be warm, chilly or very cold in the morning and change temperatures throughout the day. Layering allows you to adjust your activity level to the current weather situation. If you prefer a more leisurely, relaxed hunt, we can accommodate that as well.

Most any high powered big game rifle, with a scope of at least 4 power or adjustable 3X9 works very well. Calibers of .270, .30-06, 7mm, .300 and .338 are preferred. Most shots are from 30 yards to just less than 250 yards with an occasional shot out to 300 yards. We prefer not to shoot beyond that range. Practice and sight-in before you arrive.

Please print and use this check list to make sure nothing you need is forgotten:

CLOTHING suggested but not limited to:

- Orange Vest (**400 sq. inches minimum above the waist**)
- Light weight jacket
- Warm coat
- Long underwear
- 2 pair gloves (1 pair light and 1 pair insulated)(waterproof)
- Hiking boots/shoes or Heaver weight boot (packer or hunting)
- Boots/shoes to wear around camp
- Warm socks
- Sock liners optional
- Pants (jeans, waterproof hunting pant, wool)
- Shirts (medium weight, wool, microfiber)
- Hats (cowboy style(optional) or ball cap, also bring a warm insulated hat, with ear protection)
- Stocking cap - optional: with face cover

GEAR suggested but not limited to:

- Sleeping bag rated to zero or below
- Packable pillow
- Rifle, scope, scope cover, sling, case and ammo
- Binoculars and/or Range Finders
- Hunting knife
- Compass and/or GPS with spare batteries or charging device
- Fanny pack or day pack

- Lighter or matches
- Flashlight and/or headlamp with spare batteries or charging device
- Water bottle or 2
- Camera
- Sun glasses

PERSONAL ITEMS:

- Personal medications
- Shaving gear
- Tooth brush & toothpaste
- Towel, washcloth, biodegradable soap
- Hair comb or brush
- Small mirror
- Chap stick
- Other items you need.

NOTE:

Please limit your gear to 70 pounds not counting your rifle. Packing your gear in 2 duffle style bags of about 35 pounds each helps with packing all your items on our mules to be carried the 16 miles into camp. No glass bottles or beer allowed.
